

Senior Portraits / Headshot Sessions

We offer personalized professional photo sessions in our Brea studio or “on location” at your choice of settings around Orange County. Sessions typically last 1 hour and we are happy to photograph as many different “looks” (clothing changes) as you desire within that time period.

Session Fee: \$175 for up to 1 hour of photography in studio or within a 5 mile radius. Fee includes choice of 3 images fully post-processed (exposure/color adjustment, cropping, minor skin retouch) and one 8x10” print for each of the 3 chosen photos.

Location Fee: \$50 for locations outside the 5 mile radius, but within 25 miles of our Brea location.

Proofs: Unprocessed PROOFS are posted to a web gallery for customer review. Printed 4x6” PROOFS are available for \$0.49 each plus a shipping/handling charge. A PROOFS CD is available upon request. All PROOFS contain a watermark on the image, and while not post-processed are suitable for evaluating expression and making picture selections.

Additional Images: \$25 each for post-processing of additional images beyond the 3 included with the Session Fee. This fee includes an 8x10” print of the final image.

Reprint Pricing for Post-Processed Images:

4x6”	\$5.00
5x7”	\$10.00
8x10”	\$15.00
11x14”	\$20.00
(8) Wallets	\$10.00
(56) Wallet Special	\$42.00

Larger sizes and quotes for finishing options are available upon request.

We also offer two discounts on Reprint Orders (session and location fees are **not** eligible for this discount):

\$100 or more	10% off
\$150 or more	15% off

Tips

CLOTHING – Bring a variety of solid colors (avoid stripes, plaids or big words/pictures), and bring several choices (on hangers to avoid wrinkles) in as many styles as you desire. The faster you change, the more looks we can get!

HAIR – Hair looks best a few weeks after it's cut. Avoid a trim right before your session.

GLASSES – Glasses cause glare (not a good thing), so check with your optometrist for a loaner set of frames or to have your lenses removed. We can reposition our lights to eliminate reflections, but this does take some extra time and will reduce the number of “looks” we can photograph.

COMPLEXION – Don't sweat it. All images are retouched during post-processing.

MAKEUP – Makeup should only be slightly heavier than normal. About like you might wear in the evening. Avoid any glitter!

JEWELRY – Keep it simple, you're the subject, not your bling!

PROPS – If you like it, bring it! Anything that defines YOU; sports, instruments, hobbies, whatever. For props like cars, motorcycles, and pets, please let us know before your session.
